

In Prague on 24 May 2019

Dear tenants,

with the onset of the grilling season, we remind you that **use of charcoal, wood and gas grills is strictly prohibited**. This rule must be adhered to due to the fire safety rules of the building. **Persons who disobey this rule may be fined 5.000 CZK.**

Only electrical grills are allowed. These must be placed on a fire resistant grill mat so that food does not fall underneath the WPC boards of the terraces.

Thank you for your compliance with these safety rules.
